Dear Sir/ Madam,

Hope all is well at your end!

I am writing to express my interest in the AI & Cybersecurity Engineer position at your esteemed organization. With 1+ years of hands-on experience in AI-driven phishing detection and a master's degree in cyber security, I am eager to contribute my technical and analytical skills to your team.

Key Skills & Highlights:

• Developed machine learning models for detecting human-written and AI-generated phishing emails.

• Implemented end-to-end data pipelines using Python and Apache Spark for scalable solutions.

• Conducted research presented at an IEEE conference, showcasing my ability to communicate complex ideas.

• Utilized explainability techniques like SHAP and LIME to enhance user trust in cybersecurity systems.

• Collaborated on group projects focusing on risk analysis and mitigation strategies.

• Adapted quickly to new technologies, demonstrating strong problem-solving skills.

Thank you for considering my application.

Regards,

Athira Anil Kumar
